

INFORMATION FOR STUDENT EXCHANGE PROGRAM (ERASMUS / INTERNATIONAL) – INCOMING STUDENTS

If you wish to spend a semester at ENSA of Dijon as an international / Erasmus student, please contact your school's Erasmus coordinator to ensure there is an agreement between ENSA of Dijon and your institution.

Erasmus students or students not coming from the European Community who have been admitted into our School according to our international agreements are not liable to registration fees if they have paid registration fees in their own school or university.

The same rules and duties apply to them as to all other students in our school.

Obtaining Credits

Students Erasmus / International, upon their arrival at ENSA Dijon, are expected to complete a study contract stipulating the courses they will follow during the semester (up to 30 credits). They can choose from among the different technical and practical workshops and classes offered by the school. This contract will be the basis for drawing up their individual evaluation sheet. They will sit an end-of-semester evaluation to validate their ECTS credits. A document providing proof of these credits will be issued to them in order to validate their semester with their home school.

All courses are taught in French, a B1 level of CECRL is required to fully experience your stay and your lessons.
