

# STUDENT EXCHANGE PROGRAM INFORMATION (ERASMUS / INTERNATIONAL) – INCOMING STUDENTS – 2022-2023

If you wish to spend a semester at the Dijon ENSA as an international / Erasmus student, please contact your school's Erasmus coordinator to ensure that there is an agreement between the Dijon ENSA and your institution.

Erasmus students or students travelling from outside the European Community who have been admitted at the ENSA in the context of one of our international agreements are not liable to any extra registration fees, provided that they have paid their registration fees at their school or university of origin.

School rules apply equally to all students, including visiting students.

## **ECTS Credits**

Upon their arrival at the ENSA, Erasmus / international students are required to fill in an educational contract specifying the courses they wish to take during their exchange semester (up to 30 ECTS credits). They may pick any courses among the different technical and practical workshops and classes offered by the ENSA. This contract will be used to draw up their individual evaluation sheet. An individual evaluation is held at the end of each term to validate ECTS credits. The ENSA provides each student with a proof of ECTS validation at the end of their exchange semester so they may validate their semester with their institution of origin.

## **Languages**

All courses are taught in French, a CECRL B1 level is required to fully experience your stay and your lessons.

Language lessons: English and French classes are available at the ENSA at no additional cost.

## **Accommodation**

Students may apply for accommodation on the campus of the University of Burgundy. Monthly rent is €254 including VAT. A deposit of one month's rent will be required.
